

Tenth Year, No. 15

GLEICHEN, ALBERTA, THURSDAY, JUNE 29, 1916

Per Year \$1.50

GLEICHEN STAMPEDE HAS \$2,776.42 AVAILABLE FOR PATRIOTIC PURPOSES

J. Christiansen Drowned

Last Sunday evening a very sad accident took place near Hammer Hill about 10 miles north of Gleichen, when Johannes Christiansen was drowned in a rough near there. Thorsens farm house, by whom he was employed. It appears that the unfortunate young man, was accompanied by Mike Mason and was taking a bath, deceased was a good swimmer, and swam up and down the small pool several times when Mason saw him swimming on his back and then suddenly disappear. At first, Mr. Mason thought he had only dived, but as he did not appear he shouted to him and as he could not swim run up to the house and brought Messrs. Thorsens and D. McLean down. The former untressed and waded into where Christiansen was lost and soon found him in about four feet of water. The men then gave first aid unavailingly and then telephoned to Gleichen for the police and Const. Taylor and Const. Dr. Farquharson motored out, but after taking the evidence of Messrs. Mason and Thorsens decided an inquest unnecessary.

The following morning Geo. W. Brown, undertaker, was sent out and brought the body to Gleichen. The funeral took place from the Methodist church Tuesday afternoon under the auspices of the Nanska Oldfellows of which lodge he was a member, a number of the Nanska and Gleichen brothers being in attendance.

The deceased was about 23 years of age, and came here from the United States about two years ago to join his brother, who lives near Hammer Hill. It is also said that he leaves a wife and family in Denmark to mourn his demise.

Irrigation Convention and Pleasure Trip

The many delegates from this district to the annual convention of the Western Canada Irrigation Association at Kamloops, July 25 to 27, will be interested to know that arrangements have been made with the C.P.R. which will enable them to take the circuit tour through the mountains and lakes to and from the convention. Delegates who wish the advantages of a pleasure trip should buy circuit tickets to Revelstoke; from Revelstoke to Kamloops they can buy one way tickets to Kamloops, obtaining standard certificates at the time of purchase and when the meeting is over delegates can obtain transportation back to Revelstoke, in accordance with the number of delegates in attendance, and they can use their circuit tour tickets back there. Inquiries to the local agents for full particulars of circuit tour. Tickets from Revelstoke to Kamloops must not be bought prior to July 25th. This will enable delegates to combine a very interesting and educational convention with an excellent holiday trip through some of the finest mountain and lake scenery in the world.

Bananas 20c dozen on Friday at the Home.

Saturday being a Dominion holiday all business places in Gleichen will be closed.

Many people count success in dollars and cents, while others are satisfied with what they see, hear or read. In order to satisfy the demands for extra copies of the CALL of last week's report of the Stampede we are reproducing the report on page seven in this issue.

For those who prefer the dollar mark we are now appending a financial statement supplied us by Assistant Secretary MacLean, which is as near as he could supply it at the hour of going to press. However, there is still due donations of \$55 and a saddlery account of \$120, and there are outstanding accounts payable of about \$250. But, a balance of \$2,776.42 available for patriotic purposes surely should satisfy the most exacting that the Stampede was a grand success.

The financial statement follows:

RECEIPTS	
Donations.....	112.50
Refunds.....	704.90
Contributions.....	45.00
Gate receipts.....	2,869.50
Grandstand and boxes.....	340.30
Hall.....	747.35
Auto spaces.....	136.00
Rest of hall.....	25.00
Program.....	49.50
Miscellaneous.....	4.70-46,031.55
Ladies Patriotic Society	
Cafeteria.....	555.30
Refreshment stand.....	288.05
Horse raffle.....	126.25
Tagging.....	409.70
Donations making change.....	36.35
Butter paper.....	129.00
Meals, hand and police.....	117.16-1,601.35
Total receipts.....	\$7,692.90

EXPENDITURES	
Prizes \$1,678.50, less \$153.30.....	\$1,526.30
Refunds.....	28.50
Horse expense.....	500.00
Office expense.....	180.00
Printing.....	151.25
Saddlery.....	221.90
Lumber.....	84.85
Carpenters.....	92.75
Freight and draying.....	69.77
Chute men.....	42.00
Gate help.....	82.00
Pick-ups.....	65.00
Rests.....	150.00
Orchestra and music.....	25.50
Lighting.....	382.60
General expense, including groceries, fruit, etc.....	1,227.71
Total expenditures.....	\$4,916.48
Balance.....	\$2,776.42

Ladies Express Appreciation

The ladies in charge of the different committees are most anxious to express their gratitude for the assistance rendered them, and below will be found letters from them:

Madame Mills and James apples and to thank, through the medium of the CALL, all donors for their generous contributions to them, and those ladies who so usefully helped in the booth during the two days of the stampede. Below we give a list of donations:

J. A. Bannan, sugar
C. R. Yates, citric acid
D. C. Bannan, citric acid
W. Murray, trays
Goldstein, sign and posters
Fred Jones, 30 loaves of bread
A. N. Lindsay, ice and salt
J. W. Ken, oranges, apple, lemons, and bananas.
Alberta Restaurant, oranges, nuts

Wm. Gordon, of the Blackfoot Indian Agency, who has received an official report that his brother, J. A. Gordon, is missing since the action between June 2nd and 4th, and is now believed to have been killed. Naturally Mr. Gordon has been carefully watching the casualty lists closely ever since and says that he has been told by the Indian, with whom his brother enlisted with the Princess Pat, have either been reported killed or missing. He noted that his brother's chum, John Hamilton, was reported wounded.

Barth and Farm wanted. Will exchange a good general store business with a stock valued at \$17,000. Write Box W call office.

Scott and J. Young, Misses Moss, Young and Burne, also Mr. Doherty, who gave good service both days. We also thank the following for donations:

W. Hill, 400
F. Hill, \$15
J. Knefel, 10
Ray Hoyt, \$2.50
T. W. Stoddard, \$1
B. J. Muckle, mutton
C. Bartosh, 10 hams
D. Harwick, 10 loaves
G. L. Farver, use of lumber
H. Brown, dry work and coal
F. C. Vigar, electric light
Jump, potatoes
Beveridge, of Calgary, trays
S. A. Hall, coffee
Matthews & Kidney, sugar
S. H. Pope, painting sign
A. N. Lindsay, butter
W. H. James, hardware
Ramsay and Hall, loan of crock

Bert James, lemons
Matthews & Kidney, decoration and crockery
H. Scott, horse donated and railed, which brought us a nest egg that will be published later.
The cakes, pies, butter and eggs were donated by the ladies of the town and district, and we thank them individually for their help in making our enterprise the great financial success it proved to be, of which details will be shown later.

Mr. J. W. Jowett begs to thank most sincerely the young ladies who so kindly tagged for the Red Cross and Patriotic societies during the two days of the Stampede, as owing to their cheerful and untiring efforts the sum of \$409.70 was realized. These young ladies certainly did their "bit", and all honor and thanks are due them. The amount of work entailed is shown by the fact that they sold some 1200 or 1400 badges during the two days. Below are the names of the taggers and amounts collected:

Miss Bowser.....\$81.55
" I. Goodenham.....79.50
" Beattie McMillan.....74.35
" Mable Prestwick.....57.85
" Edith Jones.....38.35
" Emma Jones.....21.35
" R. Brewster.....21.45
" L. Hughes.....21.10
" Mrs. Lancer.....4.80

Thanks are also due to all those who gave so liberally.

The Red Cross committee beg to thank Mr. F. C. Vigar for his generous subscription of \$25 for the upkeep for one year of one of the three Gleichen beds in the Canadian Clivedon hospital, England; Miss Maltby for donation of \$5, and also Mrs. Hyndman for \$5; \$2 membership fee and \$3 as a donation.

Wm. Gordon, of the Blackfoot Indian Agency, who has received an official report that his brother, J. A. Gordon, is missing since the action between June 2nd and 4th, and is now believed to have been killed. Naturally Mr. Gordon has been carefully watching the casualty lists closely ever since and says that he has been told by the Indian, with whom his brother enlisted with the Princess Pat, have either been reported killed or missing. He noted that his brother's chum, John Hamilton, was reported wounded.

Barth and Farm wanted. Will exchange a good general store business with a stock valued at \$17,000. Write Box W call office.

Queenstown Farmers Still Have Trouble Getting to Market

(By JOHN GLEICHEN)

The grain hauling, which was so extremely bad last winter, is not improving at all as the summer goes on. Clinch, the only point within reasonable distance is practically off the map as the river is so high that nobody can get on the ferry with a load. Some hauling is being done to Basano and Lomond, but the distance to both places is frightfully long, road hilly and most of the time too slippery to haul loads over. Quite a few farmers have still all the way from 5000 to 10000 bushels of wheat to haul and have small chance to get it out.

The Queenstown farmers are certainly up against it as far as getting their grain to market is concerned, and there is no immediate prospect of anything better as the provincial government refuses to build a bridge, while the C.P.R. is too poor to extend the railroad north.

Last Monday was a trying day for the grain haulers on the Basano trail. About 9 a.m. when everybody was on the trail, it started to rain, which caused lots of trouble. On the Basano hill, the condition of the road was a fright and everybody got stuck in the mud. A few reached the top by dubbing up, some left their loads in disgust and went home, while a few plodded along and reached Basano about midnight. Among the few who made the top of the hill unaided was Andy Oler who pulled a load of 125 bushels of wheat to the top with a four-horse team. This was a feat that took both nerve and good horses. Whatever other faults Andy may have when it comes to skinning horses he takes a back seat from nobody in Queenstown.

Aside from our transportation troubles Queenstown is not the best, one of the finest looking districts in Alberta right now and the crops look splendid. Of course, the spring was a little backward and spring was a little late but they are certainly catching up. Any day now we have weather with plenty of showers have made a wonderful change.

CANADIAN PACIFIC

Edmonton Exhibition
July 10 to 15, 1916
Single fare for round trip from all stations in Alberta and Saskatchewan

TO EDMONTON

Going dates
July 10th to 14th
Final Return Limit

Pay When You Graduate

Our pay-when-you-get-a-position plan speaks of our unbounded confidence in our ability to place all our graduates in good positions. No other school offers it. Such is the demand for Garbutt graduates we can and do. During May alone we had forty-four requests for stenographers and bookkeepers. Write to the principal, P. G. Garbutt, for information concerning this credit plan before it is withdrawn. Whether for cash or credit it pays to attend the best school.

Garbutt Business College

Coming Events

Charges are 25c per line under Coming Events heading unless otherwise advertised with the CALL.

June 29 to July 5—The Calgary Exhibition.

July 25—Queenstown Farmers picnic.

July 25 to 27—Irrigation convention at Kamloops.

Every Thursday—K. of P.

Every Monday—Oldfellows.

Fourth Friday in each month—Regular meeting of Alberta Star Chapter No. 18, O. E. S.

Women's Institute—First Wednesday in each month.

A. R. Tudhope wishes to thank the big crowd for their attendance at the Gleichen Hotel prohibition sale last Saturday, and hopes that in the near future he will have an opportunity as auctioneer to offer them even more goods at their own prices. He does not claim to have made a great deal out of the sale for himself but was glad to make his best to the public as an auctioneer and hopes he will have the pleasure again and again.

NURSING

Maternity cases a specialty. Practical experience. Terms \$15 per week.

MISS L. T. DERRIDGE

Student Chautauque School of nursing, Jamestown, New York. P. O. Box 292, Basano.

How You May Throw Away Your Glasses

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: Go to any active drug store and get a bottle of Bon-Oto Tablets. Dissolve one Bon-Oto tablet in 1/2 glass of water. With this harmless liquid solution bathe the eyes two to four times daily, and you are likely to be astonished at the results from the start. Many who have been told that they have cataracts, eye-strain, cataract, sore eyelids, weak eyes, conjunctivitis and other eye disorders report wonderful benefits from the use of this prescription. Get this prescription filled and use it; you may no longer need your glasses. Save your money. If you are told that you need glasses, or nearly so, or who wear glasses might never have required them if they had used for their eyes in time. Save your eyes before it is too late! Do not become one of these victims of neglect. Eyeglasses are only like crutches and every few years they must be changed to fit the ever-increasing weakened condition, so better see if you can do without them. Get clear, healthy, strong magnetic eyes through the prescription here given. The Valman Drug Store, will fill the above prescription by mail, if your drugist cannot.

A prominent City Physician to whom the above article was submitted, says: "Bon-Oto is a very remarkable remedy. Its constituent ingredients are well known to almost every specialist in this country. I can be obtained from any good pharmacist and is one of the very few preparations that are left on hand for regular use in almost every family."

Why Haul The Extra Burden

The burden of friction means a shorter life for horse, harness and axles.

MICA AXLE GREASE

Kills friction—makes a perfect bearing surface.

Gin Pills

FOR THE KIDNEYS

What They Cured

Here's the remarkable experience of a Nova Scotian:

"I was once a terrible sufferer with kidney and bladder troubles, and at times I would lose the use of my legs, and could not go away from home without some one with me. I was treated by different doctors for 3 years, and only got temporary relief. My son advised me to take Gin Pills, and after taking the first 2 or 3 doses I got relief. I continued to take them until I got completely cured. I owe my life to Gin Pills."

Yours very truly,

P. M. KIMPTON,
Port Moresby, N. S.

GIN PILLS are 50c. a box or 6 boxes for \$2.50. All druggists. Sample treatment free if requested.

National Drug & Chemical Co. of Canada Limited, Toronto

Shortening the Road

"Well, but 'ow far is it to the bloom-in' camp? Is it three miles?"

"No—not so far as that it ain't—not if you walks fast."—London Opinion.

The American Agriculturist reports the condition of the American winter wheat crop at 78.8 against 83.5 a year ago.

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untrue letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering. It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

Money in Flax On New Breaking

Prepares the Soil for Wheat and Provides Found Crop

J. H. Grisdale, B. Agr. Director Dominion Experimental Farm, Ottawa, says:

For the new settler or the man with new breaking done before May 25 or 26, flax offers an opportunity for money making this year on this land such as is not possible with any other crop. Breaking about three inches deep, so as to fill all openings or space between the furrows, and to conserve any available moisture, as well as make a solid seed bed, will be such a preparation as gives a fair chance of a fair crop of flax, if good seed is carefully sown before the first of June. Sow seed at the rate of 30 to 40 lb. per acre.

"Where wheat seeding has progressed rather slowly it will often be advisable to sow the last few acres intended for wheat to flax instead. The cash return from the two crops are likely to be practically equal this year.

"The flax crop will rot the sod on new breaking, and leave the soil in at least as good condition for wheat as if it had been summer-fallowed. Besides, it will provide a substantial revenue, for flaxseed has averaged around \$2 a bushel for several months past."

Bringing Down Aeroplanes

Guns Are Now Beating the Enemy Aircraft

The steadily increasing number of aeroplanes that are brought down by anti-aircraft guns, along with the long lists of aviators in the casualty lists, point to the fact that the gun is gaining the superiority over the flyer. Not only has the weapon been improved, together with the projectile, but the sighting arrangements have also undergone pronounced modification and simplification to facilitate the expeditious picking up of the range and laying of the weapon upon the rapidly moving enemy.

As rapidity of fire is also highly important, special attention has been devoted to the mechanism of the weapon, its system of recoil, and loading arrangements. The broad principles of the French rapid-fire system, as shown by the famous "75," have been widely adopted and adapted to this particular duty, with the result that the anti-aircraft gun of the moment is about 600 per cent. more formidable than the type in service eighteen months ago.

The disposition of the weapons, combined with the system of firing, has also undergone a revolution. Instead of a haphazard arrangement they are now placed upon a mathematical and scientific basis, and the firing is quite as methodical.

It is now possible to ensure that a hostile aeroplane is under fire the whole time it is passing over a certain zone. The latter may represent a belt thirty or more miles in width. As soon as the aeroplane passes beyond the range of one group of guns it enters that of another group, irrespective of the direction of flight. Moreover, this system possesses the advantage of flexibility since additional units can be brought into use with the minimum of delay and difficulty.

One result of this present superiority of the gun over the aeroplane is that the airman have been forced to fly at ever increasing altitudes. Formerly the case, machines have been brought to the ground after having been struck at a height of 8,000 feet. At the moment even 10,000 feet is not regarded as being a safe level!

No man or woman should hobble about because of corns when so certain a relief is at hand as Holloway's Corn Cure.

Germany's Strong Man

Falkenhayn the Most Powerful Man in the Country

A new and more masterful spirit pervaded German strategy from the moment of Falkenhayn's assumption of the control of military policy. There was no longer any sense of conflict between political and military aims, still less of any evidence of the collision of wills. The disastrous experience of the first four months of the war had aged the Kaiser and modified his imperious self-will. He was in the frame of mind to forget that he was the supreme war lord and to distrust his own judgment, and Falkenhayn had the force and theadroitness to avail himself of this fact. He established over his master an intellectual authority which left him the practical dictator of military policy. This ascendancy has been confirmed by the success which attended his far-reaching and powerful strategy throughout 1915, and in presenting him with the Order of the Black Eagle, the Kaiser used terms of flattery which almost touched the level of obsequious reverence. General Falkenhayn has fortified his position by an artful policy of excluding possible rivals from access to his master. In an unusually informing analysis of the forces around the Kaiser at the present time, published in Le Temps, Mr. Hendrik Hudson, who, as a neutral, has spent a long time in Germany, declares that Falkenhayn is the most powerful man in the country—A. G. Gardiner, in the May Atlantic.

Save Heroic Tree

The famous India elm tree at Maunabo, O., ravaged by time and the elements is to be saved. Toledo tree experts are to begin work at once. The old tree stands directly opposite Fort Meigs, which was under siege by the British and Indians in 1812-13. From branches of the tree Indians had an excellent view of the fort. Stories handed down from the generation of that day say that many a bullet was fired from the tree by expert marksmen among the Indians and the British.

False Statements Hinder Immigration

Opposition in the United States to Prevent Immigration into Canada

An alleged plot to keep American immigrants out of Canada on the ground that undue pressure was brought to bear upon them by the military authorities to force them to enlist for overseas service was called to the attention of the commons by Mr. H. H. Stevens, member for Vancouver, Mr. Stevens quoted American newspapers as circulating a report, said to have been sent out by the American consul at Vancouver, declaring that many Americans had gone back to the United States because of the effort made in Canada to force them to enlist. So far as British Columbia was concerned, declared Mr. Stevens, this report was deliberately and maliciously false.

Hon. Dr. Roche, minister of the interior, said that the Canadian immigration agents in the United States had called his attention to similar reports credited to the American consul at Vancouver, and the latter had been taken to task about it. The matter was being reported to Washington. Dr. Roche added that very strong opposition was being encountered in the United States to all efforts to promote American immigration into Canada, and that false statements such as the one referred to by Mr. Stevens were being largely exploited.

NEW STRENGTH IN THE SPRING

Nature Needs Aid in Making New Health-Giving Blood

In the spring the system needs a tonic. To be healthy you must have new blood, just as the trees must have new sap to renew their vitality. Nature demands it, and without this new blood you will feel weak and languid. You may have twinges of rheumatism or the sharp stabbing pains of neuralgia. Often there are disfiguring pimples or eruptions on the skin. In other cases there is merely a feeling of tiredness and a variable appetite. Any of these are signs that the blood is out of order—that the indoor life of winter has lessened your vitality. What you need in spring is a tonic medicine to put you right, and in all the world of medicine there is no tonic can equal Dr. Williams' Pink Pills. These Pills actually make new rich, red blood—your greatest need in spring. This new blood drives out the seeds of disease and makes easily tired men, women and children bright, active and strong. Mrs. Eugene Cadarette, Amherstburg, Ont., says: "I suffered for a long time from dizziness, pain in the back and sick headache, and nothing I took did me any good until I began Dr. Williams' Pink Pills. These cured me after taking six boxes and I now feel better than ever I did in my life. I had fallen off in weight to 82 pounds, and after taking the Pills I had increased to 100 pounds."

These Pills are sold by all medicine dealers or can be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Backyard Gardening

Scores of reports of the operations carried on in the season of 1915 by small householders speak of produce being grown worth from twenty-five to fifty dollars, every dollar of which means so much added to the wealth of the country as well as saved in the cost of living. Financial profit is not the only gain forthcoming. Lessons of industry and thrift are inculcated, and the whole household from the eldest to the youngest, come under the influence of those qualities. They also have the gratification of eating fresh vegetable, the enjoyment of which is tremendously enhanced. —Hamilton Times.

Husband (explaining income tax)—You see, my dear, if our income is over a stated amount we have to pay the government.

Wife—And if it is under that amount does the government have to pay us?

"ANURIGI" THE NEWEST DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor Pierce, who is head of the "Inventor Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Doctor Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as the blood in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anurigi" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of "Anurigi," manufactured by Dr. Pierce, or send 10 cents to Dr. Pierce for a large trial package. If you suspect kidney or bladder trouble send him a sample of your water and describe symptoms. Doctor Pierce's chemist will examine it, then Dr. Pierce will report to you, without fee or charge.

Note:—French scientists affirm that "Anurigi" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anurigi" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector obtainable.

Dr. Pierce's Pellets are the original Little Liver Pills. One little Pellet for a laxative—three for a cathartic.

HAVE YOU A BAD SORE?

If so, remember these facts—Zam-Buk is by far the most widely used balm in Canada. Why has it become so popular? Because it heals sores, cures skin diseases, and does what is claimed for it. Why not let it heal your sore?

Remember that Zam-Buk is altogether different to the ordinary ointments. Most of these consist of animal fats. Zam-Buk contains no trace of any animal fat, or any mineral matter. It is absolutely herbal.

Remember that Zam-Buk is at the same time healing, soothing, antiseptic. Kills poison instantly, and all harmful germs. It is suitable alike for recent injuries and diseases, and for chronic sores, ulcers, etc. Test how different and superior Zam-Buk really is. All druggists and stores at 50c. box. Use also Zam-Buk Soap. Relieves sunburn and prevents freckles. Best for baby's bath. 25c. tablet.

LITTLE THINGS COUNT

Even in a match you should consider the "Little Things," the wood—the composition—the strikeability—the flame.

EDDY'S MATCHES

are made of strong dry pine stems, with a secret perfected composition that guarantees "Every Match A Light." 65 years of knowing how—that's the reason!

All Eddy products are dependable products—Always.

THE NEW FRENCH REMEDY, N-1, N-2, N-3, THERAPION

Used in French Hospitals. Cures Chronic Weakness, Loss of Strength, Nervous System, Indigestion, Blood Poison, Rheumatism, Gout, Gravel, Diabetes, Catarrh of the Bladder, etc. N-1, N-2, N-3, THERAPION, Cures Chronic Weakness, Loss of Strength, Nervous System, Indigestion, Blood Poison, Rheumatism, Gout, Gravel, Diabetes, Catarrh of the Bladder, etc. N-1, N-2, N-3, THERAPION, Cures Chronic Weakness, Loss of Strength, Nervous System, Indigestion, Blood Poison, Rheumatism, Gout, Gravel, Diabetes, Catarrh of the Bladder, etc.

Wood's Great Peppermint Cure

Tones and invigorates the whole nervous system, makes new blood in old veins, cures nervous debility, mental and brain worry, depression, loss of energy, indigestion, etc. N-1, N-2, N-3, THERAPION, Cures Chronic Weakness, Loss of Strength, Nervous System, Indigestion, Blood Poison, Rheumatism, Gout, Gravel, Diabetes, Catarrh of the Bladder, etc.

Glycerine Six Times as Expensive

The world's output of crude glycerine is estimated at from 90,000 to 100,000 tons.

Production is entirely inadequate to meet the demands and refiners now have on hand only enough for three months. About 60 per cent. of the glycerine used on this side the Atlantic, ordinarily comes from Europe in a crude form—a by-product of soap and candle-making. Now this avenue of supply has been shut off.

Many industries are thus seriously affected by the high cost and limited supply of the material. The bulk of the distilled glycerine is used for the production of nitro-glycerine and dynamite, and a part in the manufacture of formic acid, alkyd, alcohol and artificial mustard oil.

In 1908 glycerine sold for 10 cents a pound; now it is 60 cents, and the price is steadily advancing.

Minard's Liniment Lumberman's Friend.

Pocket Bible Sniped

A remarkable coincidence is related in connection with the escape from death of Private S. Cross, of the Dorset Regiment, an Australian with Weymouth connections. While on duty at Jefferson's Post, in the Gallipoli Peninsula, he was struck in the chest by a bullet from a Turkish sniper. Cross had in his breast a Testament containing a booklet of texts given him by Mrs. Drury, wife of Colonel Drury, of Weymouth, and various trifies. The bullet pierced half-way through the Testament and perforated the book of texts as far as and no further than the following:

"A thousand shall fall at thy side and ten thousand at thy right hand, but it shall not come nigh thee." The bullet made after the word "side" a slight dent, which is still plainly visible.

No Premature Peace

"We all dread lest a peace is declared too soon, and before their navy has got sent under by us," writes one at the front to Mr. C. A. Allen, the secretary of the Canadian Emigration Office in England. "I fear if war goes on another six months, say, people will begin to say, 'Oh, we've had enough—let us be merciful and not hit them too hard, etc.' Let those people come out here and see desolation and misery and suffering beyond description, the mark of war everywhere—whole country defaced, irreparable and wholesale destruction of historical buildings and scenery. No, we are most keen on going on and getting our own back, and making the brutes beg and be kicked up for doing so."

Life's Handicap

Fond Mother (proudly)—And do you not think 'e looks like 'is father?"

The Soldier (sympathetically)—Don't you let that worry you, Mrs. McCarthy, so long as 'e's 'ealthy.—Pall Mall Show.

The Real Tommy Atkins

Hopeful and Cheerful Under the Most Trying Conditions

The picture of Tommy Atkins which lingers most willingly in my mind is that which I carried with me from the trenches on the dreary November evening shortly before I bade him good-bye. It had been raining, sleeting and snowing for a week. The trenches were knee-deep in water, in some places waist-deep—for the ground was as level as a floor and there was no possibility of drainage. We were wet through, and our legs were numb with the cold. Near our gun position there was a hole in the trench where water had gathered, four feet deep. A bridge of boards had been built over one side on this, but in the darkness a passerby slipped and fell into the icy water up to his armpits.

"Now, then, 'bathin'!" said an exasperating voice, "bathin' in our private pool without a license?"

And another: "Ere, son! This ain't a swimmin' bath! That's our tea-water yer a-standin' in!"

The Tommy in the water must have been nearly frozen, but for a moment he made no effort to get out.

"O you fetch me a bit o' soap, will you?" he called coarsely. "You ain't a-goin' to talk about tea-water to a bloke wot ain't 'ad a bath in seven weeks?"

It is men of this stamp who have the fortunes of England in their keeping. Given the leadership they deserve, I will add, in their safekeeping.—May Atlantic.

How Sickly Women May Get Health

If they could only be made to see that half their ills are caused by impure blood, it wouldn't take long to cure them with Dr. Hamilton's Pills. Truly a wonderful medicine that invigorates, strengthens, renews. Every tired, worn out woman that tries Dr. Hamilton's Pills will improve rapidly, will have better color, increased appetite and better digestion.

No better rebuilding tonic can be found than Dr. Hamilton's Pills which are safe, mild and health giving. For forty years Dr. Hamilton's Pills have been America's most valued family medicine, 25c per box at all dealers.

The United States is said to be the greatest sugar-consuming country of the world. In 1913 its total consumption amounted to 3,743,139 tons—including cane, beet and maple. This is a per capita consumption of 84.5 pounds per annum. Much of this is consumed in the form of candy, over \$500,000,000 being spent for that sweet commodity in the United States every year.

An Oil That is Prized Everywhere

Dr. Thomas' Electric Oil was put up on the market without any flourish over thirty years ago. It was put up to meet the wants of a small section, but as soon as its merits became known it had a whole continent for a field, and it is now known and prized throughout this hemisphere. There is nothing equal to it.

A Michigan physician is the inventor of a cushion to be fastened to the back of a straight chair to permit a person to sit upright and be comfortable.

Fair Customer—But the hairs are coming out of this stuff.

The Salesman—That, madam, is a peculiarity of the animal; it always sheds its fur at this time of the year.

Mr. Jones had recently become the father of twins. The minister stopped him in the street to congratulate him.

"Well, Jones," he said, "I hear that the Lord has smiled on you."

"Smiled on me?" repeated Jones. "He laughed out loud."—Tit-Bits.

Young Man (to coquette)—If you don't answer me one way or the other—yes or no—I'll hang myself at your garden gate.

Coquette—You mustn't do that. Father doesn't like young men hanging about the place!—London Opinion.

Tommy—Mamma, have gooseberries legs?

Mom—Of course not, Tommy.

Tommy—Then I've swallowed a cat-erpillar.

Dr. Cassell's Tablets

Dr. Ramsay Colles, J.P. of the City of Dublin, a man of high eminence in the scientific world, says:—"I have great pleasure in expressing my satisfaction as to the curative effect of Dr. Cassell's Tablets in cases of nerve troubles. From several cases which have lately come under my notice I am able to form the opinion that Dr. Cassell's Tablets constitute a safe and reliable family remedy, and appear to be especially effective for nerve and bodily weakness."

Dr. Cassell's Tablets are Nutritive, Restorative, Alterative, and Anti-Spasmic, and of great therapeutic value in all derangements of the Nerve, Digestive, and Functional Systems in old or young. They are the recognised modern home remedy for Dyspepsia, Nervous Breakdown, Stomach Catarrh, Kidney Disease, Nerve and Spinal Paralysis, Infantile Paralysis, Rickets, St. Vitus' Dance, Anemia, Sleeplessness, Brain Fag, Headache, Palpitation, Wasting Diseases, Vital Exhaustion, Loss of Flesh, and Premature Decay. Specially valuable for Nursing Mothers and during the Critical Periods of Life.

Druggists and Dealers throughout Canada sell Dr. Cassell's Tablets. If not procurable in your city send to the sole agents, Harold F. Ritchie & Co., Ltd., 10, McCaul Street, Toronto; 1 tube 50 cents, 6 tubes for the price of five.

Sole Proprietors:—Dr. Cassell's Co., Ltd., Manchester, Eng.

Serbian Need Your Assistance

So many demands have been made on public generosity as a result

of the war that there might be hesitancy in presenting another if the

needs were not so great. The Canadian people have met all demands

hitherto, but it is still safe to say that those who are situated at home in

peace are contributing very much less than those who have gone to fight

for the cause of human liberty. Compared with some of the unfortunate

countries of Europe Canada scarcely knows she is at war.

One of the most unfortunate of the little nations, in whose cause

our Empire has taken up this fight, is Serbia. It was the spirit of the

Serbian people, which refused to abuse itself before Austria and Ger-

many, that was used as a pretext by those nations for this war, and

Serbia has suffered for her liberty perhaps even more than Belgium.

Although the distress of the Serbian people has not been so prominently

before the Canadian public.

The recent visit of Mrs. Pankhurst to Calgary resulted in the

organization of the Canadian Serbian Relief Society with Mr. J. S.

Dennis, assistant to the president of the C. P. R., as president, and the

Rev. E. Cox Clarke, formerly of Gleichen, secretary-treasurer. A com-

mittee of prominent men and women complete the organization, and an

appeal is now made for funds to assist the families of our destitute

allies in Serbia. Contributions may be made in goods but cash is pre-

ferred as it can be forwarded more quickly and gives more immediate

relief. The need is very great and it is felt that this appeal will not be

unheeded by the people of Alberta. Already some substantial contribu-

tions have been received, and others sent, either to Mr. Dennis or to

the Rev. E. Cox Clarke, 509 18th Avenue West, Calgary, will be promptly

acknowledged, and at once placed in the way of assisting a noble people

who are reduced to destitution by the ravages of war.

The next big event is the Gleichen Exhibition. You cannot miss

that. It should be bigger and better than ever if you do your part.

Weatherman McMillan has refused to accept jobs at the Calgary

exhibition or elsewhere. He says that one good job well done is sufficient

in a season, and he will make room to give others an opportunity to

distinguish themselves.

According to the Grain Growers' Guide an order was placed

recently with a Montreal firm for 800,000 one-pound cans of beef

steak, to be used for army rations, indicates the output for Canada's

beef. This order will necessitate regular weekly deliveries for one year,

and Americans as well as Canadians are doing what they can to fill this

order. It is estimated 1,200,000 canned cows, yielding 328 pounds each,

would be required to fill this order.

Referring to our Stampede in an editorial the Calgary News-Tribune

says our noticeable feature was the large number of automobiles

compared with saddle ponies and other conveyances. A few years ago

everyone went to the stampede aboard a high spirited cayuse or in the

firm wagon or democrat, but almost every rancher now has an auto-

Buy an Irrigated Farm From The CANADIAN PACIFIC RAILWAY

BECAUSE:

Irrigation makes the farmer independent of rainfall, and insures good crops, not occasionally, but every year.

Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures best returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement, with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Trigrition Block is no longer an experiment, the year 1911 having absolutely demonstrated its success wherever irrigating is fully applied.

You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$35 to \$75 per acre, with twenty years to pay and the privilege of a loan of \$2,000 for improvements; no result no principal payment at end of first or second year, and no water rental for first year. Assistance is also given in supplying stock in approved instances.

This is the most liberal offer of irrigated farm land on record. Get full particulars from

GLEICHEN PATRIOTIC STAMPEDE AND RECRUITING RALLY GIGANTIC SUCCESS

With perfect weather conditions Gleichen's great Patriotic Stampede and recruiting rally concluded on Thursday last, having proved a far greater success than the most optimistic could have anticipated.

For days prior to the event the crowd started to come in by motor-car and rail and by Tuesday evening the loyal little town was full to overflowing. Every citizen was assisting the management in their gigantic task of accommodating the multitude of visitors.

Next morning such a scene of bustle and excitement has been rarely witnessed anywhere in the West, when friend met friend to the accompanying jingle of spurs, while the vivid coloring of true western life lent a touch of romance to the scene as President Barthele organized the parade which started from the grounds and travelled through the principal thoroughfares. Led by the president and a number of recruiting officers from the different Alberta battalions and by the 113th Kiltie band and buglers from Sarsen Camp, playing soul-inspiring Scottish airs, and followed by a detachment of the R.N.W.M.P. under the command of Sergt.-Major Irvine, came a long cortege of cowgirls and cowboys, the whole typifying in a wonderful way the close sympathy of the far land and its past with the present struggle for freedom and right of the Motherland across the seas.

The program for the afternoon began well on time before an audience which not only filled the bleachers, boxes and grandstands, but also hundreds of motor-cars, which, lined two deep, occupied one entire side of the arena.

The band of the 13th O.M.R. arrived shortly after the opening event and with their martial music assisted the Kilties in keeping the crowds of spectators in the greatest of good humor and helped fill in the intervals between events in such a manner as to maintain a continuous interest in the day's proceedings from start to finish.

Starting with the bucking contest, the horses being the famous string of A. P. Day of Medicine Hat, unequalled the American continent over, and the riders the pick of the western plains, the program continued without a hitch or delay till after six o'clock.

Varied events, perfectly staged and each unique in its way, followed each other.

McHugh Bros., donated the wild steers for the wild steer race, the first of its kind ever produced. With a field of ten simultaneously turned loose from specially made chutes the audience was held spellbound as they bucked from start to finish, unloading many a rider on the way.

The wild horse race, the last item on the program, the previous year's most popular event, again proved a great favorite. The horses donated for this purpose by Jack Morton were a splendid bunch, whose qualities of breeding and endurance are a credit to their owner's ranch.

The roping by teams of five from North and South of Gleichen, Medicine Hat and Cochrane and won by the latter created much friendly rivalry among the contestants, which was shared in by the spectators. Out of deference to requests made to them the management decided to eliminate throwing and tying of steers. Under the the unaccustomed conditions the ropers were at a decided disadvantage at first, but there was no room for complaint about cruelty to the animals. The steers had a little Mexican in them and many of the horses were not fast enough to catch them.

The cowboy, rider and Indian races filled up the crowded program.

In the evening a military parade took place and to enormous crowds in front of the Stampede Office the massed bands played a number of patriotic selections. During an interval in the music Major Fize, Horgan delivered a stirring and soldierly address and begged his audience to remember that the object of this stampede was not only the collection of patriotic funds, but the enlistment of recruits, and expressed the hope that now the first object was assured his audience would see the other was fulfilled. He congratulated the management on the finest and cleanest day's sport he had ever seen. Three cheers and a tiger showed the audience's appreciation of this popular officer's remarks. After the National Anthem had been played the crowd dispersed to assemble later at the Opera House, where an entertainment and cowboy dance filled in the time until the wee small hours.

To the delight of all the next morning proved bright and fine and the program, while of a similar nature, proved even more exciting and spectacular, as the previous day had eliminated all but the most skillful and the finalists were out to do their best to get among the money.

Owing to the popularity of and the number of entries in the wild steer race the management were forced to stage this event twice, much to the delight of the spectators.

The championship gold medal for bucking was brilliantly won by E. Le Grandier of Calgary, who for rope was captured by W.W. Wason of Munson, who also proudly carries the same token two years ago.

The ever popular Clem Gardner of Cochrane again displayed his prowess in many of the principal events and the judges' decision to award him the gold medal for the best all-round cowboy was hailed by acclamation by all.

The general management of the arena left nothing to be desired and was a great tribute to the skill and generosity of that veteran stampede director, A. P. Day of Medicine Hat, who was most ably assisted by his expert staff of chute and pick-up men. The impartiality of the decisions by the judges and the time-keepers gave every satisfaction to the contestants and in great measure lightened the labors of the management.

The general management of the stampede, the securing of suitable stock, the provision of ample seating accommodation, and the general forethought with every possible contingency was provided for and which took weeks of labor prior to the event, reflect the greatest credit on Manager Young and his managing committee of stockmen.

The advertising and entertainment committees are also to be congratulated on the success of their efforts, which so largely contributed to the financial success of the stampede.

The greater proportion of the prizes given during the stampede were patriotically donated by the merchants, ranchers and farmers of the district.

The office duties, by no means light at any time, this year far

exceeded any previous occasion, but were most ably handled by Secretary Mills.

A large amount of credit is due the Ladies' Patriotic Stampede Committee for the long strenuous weeks of organizing and collecting and for nobly giving their time during the stampede to conduct the Round-up Cafeteria. The ground floor of their hall kindly donated by the Masons and formerly used as an implement warehouse was converted into a splendid and up-to-date restaurant. Here the food collected by them from all over the district was daily served twice daily to hundreds of visitors. They also conducted refreshment booths on the grounds, and in spite of the temptation to take their places among the spectators, they stood valiantly at the post of duty, sacrificing their inclinations for the good of the cause. Their devotion and sacrifice has been splendidly rewarded by the superb success attendant on their efforts. The horse "Red Cross," donated to the ladies by Harry Scott, was raffled by them during the stampede and realized a goodly sum. The young ladies of the town, under the direction of the committee, conducted two tagging days and were able to aid materially in building up the magnificent sum of approximately twelve hundred and fifty dollars, which has been turned into the general funds of the stampede by the ladies.

Just before going to press a financial statement has been prepared by Assistant Secretary MacLean showing estimated receipts and expenditures, with a balance between two and three thousand dollars available for patriotic purposes.

The magnificent and fitting conclusion to a great patriotic stampede was the recruiting rally organized by the Stampede enlistment committee. Lieut.-Col. Denyer, Major Kerby, Major Horgan and Capt. Stuart were the speakers and were assisted by the massed bands. As a result the recruiting in this district has received a fresh impetus and already thirty men have joined the colors and each day many more are coming in.

Since the beginning of the war over two hundred and fifty men have enlisted from this vicinity, an exceedingly large proportion considering the population of the town.

None can say that Gleichen is not doing duty.

Prize Winners, First Day—Wednesday
